

## **\*\*NOTICE\*\***

*Update: January 2, 2021*

Attention all Travellers to Canada,

Please note that as of January 7, 2021, all air passengers five years of age or older will be required to test negative for COVID-19 before traveling from another country to Canada. This includes visitors and returning Canadian citizens. Documentation of a negative laboratory test result must be presented to the airline prior to boarding a flight to Canada.

The test must be performed using a COVID-19 molecular polymerase chain reaction (or PCR) test and must be taken within 72 hours prior to the traveller's scheduled departure to Canada. Travellers to Canada must use the ArriveCAN App or website and provide accurate contact information and their quarantine plan on or before entry.

Canadians who are currently travelling and returning to Canada soon should start immediately arranging for a COVID-19 test, to avoid a delay to their return to Canada and those who are planning a future trip outside of Canada, should make their plans for this test prior to their return.

If you feel that this added protection should negatively affect your future trip, please connect with your designated travel advisor at Romantic Planet Vacations and we will connect with the travel suppliers and advise you of your options.

As your designed travel agency, we are constantly being updated by our suppliers regarding this topic. As a continued effort to best serve travelling Canadians, many resorts are now providing this PCR test including many AMResorts in Mexico, Dominican Republic and Jamaica, and the Coconut Bay Resort in St. Lucia and this list is rapidly growing. We also have a list of approved clinics at destinations who offer this test. Please refer to the link at the top right of our website at [www.romanticplanetvacations.com](http://www.romanticplanetvacations.com). We also anticipate that many departure airports and/or airlines will be providing this service to travellers to Canada shortly.

We remain dedicated to keeping you informed and helping you travel safely.

Sincerely;

Laurie Keith  
President  
Romantic Planet Vacations
